P. O. Box 102 Entebbe – UGANDA

UGANDA CLIMATE SMART AGRICULTURAL TRANSFORMATION PROJECT
(UCSATP)
CALL TO PARTICIPATE IN THE PRIVATE SECTOR DIALOGUE

Country: Uganda
Loan No: P173296
Credit Number: 7261-UG
Grant Number: E147-UG

The Ministry of Agriculture, Animal Industry and Fisheries (MAAIF) with support from World Bank is implementing the Uganda Climate Smart Agricultural Transformation Project (UCSATP) for a period of six years in 69 districts including 7 refugee hosting districts. The project aims to increase productivity, market access and resilience of selected value chains in the project area and to respond promptly and effectively to an eligible crisis or emergency.

UCSATP supports investments and interventions across the agricultural value chains of **Crop** (coffee, cocoa, citrus, mangoes, Hass avocado, cashew nut, vegetables, cassava, maize, sorghum, soybeans), **Livestock** (Dairy, beef & commercial pasture), **Fisheries** (Aquaculture and capture fisheries) and **beneficial insects** (Bees and Black soldier fly).

For effective implementation, the project prioritizes partnership with the various stakeholders to ensure timely achievement of the key project targets. Since its effectiveness, the UCSATP has engaged a number of stakeholders with the aim of sensitizing them about their respective roles in the project implementation and success. Similarly, the project has planned to engage with the private sector actors in line with the project implementation strategy from **22nd to 25th July 2025** with the purpose of *(1) Outlining strategic opportunities for private sector engagement in the UCSATP; (2) Identifying potential areas for investment and partnership with government and the private sector in the provision of inputs to the farmer groups and; (3) Promoting inclusive growth and sustainability through private sector participation.* The engagements will focus on the key inputs and/or technologies under each of the value chains.

Category of the private sector

Private sector participants will include: Agro-input dealers, Nursery operators, Breeding services operators (AI service providers), Animal seed providers (heifers, breeding bulls, poultry, piggery), Pasture seed and fodder planting material dealers, Fish Hatchery Operators, Fish feed operators, Apiary and black soldier fly dealers, Insurance and Financial service providers, Tractor hire service providers and Post-harvest and value addition equipment providers.

The Ministry therefore invites the private sector to participate in the dialogue aimed at building a sustainable and efficient input delivery system. The event will be online https://zoom.us/webinar/register/WN_EG1mJrprS26SZFyJq1s5vQ#. The dates for the engagements are outlined below:

Value chain	Days and Time	Time
Crop	22 nd July 2025	8:30am-4:00pm

Livestock & Beneficial insects	23 rd July 2025	8:30am-4:00pm
Fisheries	24 th July 2025	8:30am-1:30pm
Mechanization	25 th July 2025	8:30am-1:30pm

Those interested in attending the event may obtain information from the Ministry's Website www.agriculture.go.ug.
